## Full Rear Bathroom w/ Kitchen – A First!

Most RVs on the market are designed to accommodate only 2 people. What sets the Ultimate RV apart is its unique floor plan, which has been divided into 3 distinct areas: 1.) a seating area for up to 10 people, 2.) a kitchen and 3.) a bathroom, complete with shower. The Ultimate RV also has more storage space than any other luxury van. Best of all, the bathroom and kitchen have moved from the crowded center of the RV to the rear. Close the door and you won't even realize you're in an RV.

Ultimate Toys provides a **full 55" of space** versus the industry standard of 29" - 31"

## A Beautiful & Fully Functional RV

More than a typical RV, The Ultimate RV allows you to enjoy everything, from traveling to tailgating to entertaining loved ones. The beautifully-tailored interior includes handcrafted woodwork, demonstrating why we're known as the "Best-in-Class." It's the only RV on the market that comfortably accommodates 10 people and has a full kitchen and rear bathroom, complete with a shower. You can surf the web using wireless internet, or enjoy your favorite TV shows, movies, sports or video games on the two HDTVs.
